

Hundreds of products to get **the job done**

When you're out on the job, you need a mate you can always rely on. Unifix products have the quality and strength to be your number one companion, whatever fixing solution you require.

Unifix products have always had a reputation for being the best and after almost 50 years, they're still setting standards for service levels and unbeatable availability. With an unrivalled range of fixings including pipe and cable clips, as well as power tool accessories, sealants, adhesives and many more products, you can rely on Unifix products to never let you down.

While any of the Unifix range will help you out when you're in a fix, some of our products have extra special qualities, designed to make your life easier.

Wall Plugs Pioneered by Unifix, the plastic wall fixing plug has been a trusted companion of the trade for over 30 years. They are less brittle than other wall plugs and its innovative design features two-way expansion to give a strong fix, every time.

Wall Plug

Cable Clips The hardened masonry nails of Unifix cable clips give a substantial fix in a wide range of substrates. The strengthened case also ensures the clip remains fixed, even under load. Suitable for internal or external use, they can even accept a No.8 woodscrew if required.

Cable Clip

Kliplok™ Its innovative self-locking mechanism and a unique hinged action allows Kliplok™ to be reopened again and again. Made from high quality heat-resistant polypropylene, Kliplok™ has been used with confidence for over 25 years.

Kliplok™

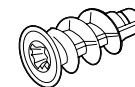

Hyper Plus Chipboard Screws A unique design makes them the most technically advanced screws we've ever produced.

Hyper Plus Chipboard Screw

Boardmaster

Boardmaster is the glass-reinforced nylon fixing you can rely on for a safe, secure and modern plasterboard fixing, with minimum intrusion.
